

## **Northside Neighborhoods for Organized Development (NNOD)**

Community members from the Northern areas of District 8 and contiguous areas of District 9 met on February 6th to reactive NNOD.

The objectives of NNOD include enhancing and protecting the quality of life in the Northside neighborhoods, keeping neighborhoods informed on the issues in the community, working with all levels of Government, and maintaining a presence at governmental meetings. Issues to be addressed in the future are signage and zoning, transportation, parks, water quality, education, bond issues, and crime.

For information on becoming a member of NNOD, call Ken Lawrence or attend our next meeting to be held 7:00 PM, March 13th at the Prue Road Police Station.
