

**A Letter by Diane Cibrian  
to  
Texas Alcoholic Beverages Commission**

(October 12, 2007)

Agent Lewis Dewitt  
Texas Alcoholic Beverage Commission  
4203 Woodcock #120  
San Antonio, TX 78228

Agent Dewitt,

On behalf of the citizens of District 8, I would like to take this opportunity to protest the issuance of any and all original, renewal, and/or transfer of any alcoholic beverage permit (s) for "The Boobie Rock" and/or the address of 10855 W IH-10 in San Antonio, Texas.

There are several reasons for my concern for the realization of "Boobie Rock." I have been inundated with calls, emails, and letters expressing deep concern regarding the plans for this bar. I have received tremendous public protest to this establishment as a result of my press conference to inform the surrounding neighborhoods.

Also, children walk and ride their bikes on these very streets. This objectionable establishment will influence our youth inappropriately and create severe ramifications. This neighborhood is full of children and seniors who would be negatively affected by this bar.

Additionally, the owner/operator currently owns several establishments in San Antonio and has informed me that this facility will be similar to his Sugar's establishment. This location alone has received over 100 police calls this year as of October 4, 2007. Both Sugar's Men's Club and Boobie Rock have the same operator and will provide homogeneous entertainment. This business is clearly unsuitable for this neighborhood; therefore I adamantly request the denial of any issuance of an alcoholic beverage license.

Please let this letter serve as official notice of my desire to join the protest along with the surrounding communities. If you have any questions please contact Katie Nisbet at 210 207-2888.

Best regards,

Diane G. Cibrian

District 8

*[Editor's Note - Councilwoman Cibrian sent this letter in October but we reproduce it here because it succinctly states the case against this facility.]*
