

Building a Community (Continued)

I want to thank everyone that has responded to my last article about Colonies House and building a community. We have had many new neighbors and returning members join the club and it has been a pleasure to meet them.

I also want to apologize for the cancellation of the first open house. Problems with the pool delayed the opening but we are continuously working to improve the pool and keep it functioning properly.

I am very pleased at the number of members who have work at the grounds to open the facility this season. We have made major improvements to the facility and we will continue to work on the many tasks to improve it. It is not too late to join the pool, there is still plenty of summer left and a membership is probably one of the best values for your dollar.

Remember that our 4th of July parade is open to everybody. It is a short 4 to 5 block route that allows the kids to dress up their bicycles, wagons, and anything else they have to show off their patriotism. Hope to see you there.
