

Re-Opened for Business

Cody Library was closed for renovations for three weeks in November.

The library's face lift consists of new carpet and paint, new air conditioning units, restroom upgrades, landscaping, a new flag pole, ground lighting, and resurfacing of the parking lot. In addition, the library now has two children's computer learning stations.

We appreciate the patience of our patrons during the renovations period. Our gratitude also goes out to the District 8 Councilwoman Cibrian for her advocacy and assistance securing the funding for the renovation project.

We are very happy to be back in business and look forward to serving the community with a variety of programs. Just a few of our upcoming programs are listed below.

Jan 10, 2009 - Freedom Fun and Crafts Celebration.

Jan-Feb 2009 - Black History programs will include a Dr. Martin Luther King's Birthday Celebration. On Jan 19, please join us to make history with inauguration of our 1st African American President.

March 2009 - Gardening in the new year

Feb 14, 2009 - Valentine's Day.

Please stop by the Ed Cody library at 11441 Vance Jackson and explore our recently renovated facilities.

For further information please call 696-6396. Ask for Dorothy Blow, Adult Programming Librarian.
