

Status of Proposed Closure of Mockingbird

Special Project 1402 pertained to closing Mockingbird, a public street between Greatview and I-10 access road, in order to connect properties (a dealership and strip mall) owned by Red McCombs.

We have heard of no new movement to advance this petition so the 'item' appears to be dead.

Good. Closure of Mockingbird would only have benefited one individual in San Antonio.

Ted Trakas
