

NISD Growth - 3,000 New Students This Year

On February 9th the Northside Board of Trustees voted to approve recommendations by the 250-member Bond Committee to bring a \$535 million Bond proposal to voters.

Northside has had a Bond Election every 3 years in order to keep up with the growth in our area. We are finally catching up but the growth continues as we had over 3,000 new students again this year. We also want to assure everyone that we will maintain our older facilities so this Bond has funds for libraries, kitchen updates, more science labs, new roofs and additions to many of our schools.

The election will be held on May 8th so you will be receiving more information about it in the mail over the next 2 months so that you will understand exactly what is included. There are 2 new middle schools and 4 new elementary schools also.

Please watch for more information that you will be receiving after the Primaries.
