

NISD BOND ELECTION

Hopefully all of you have received your copy of the Northside Newsletter and have read it carefully. It has all the information about what is in the Bond Proposal that is being voted on now during early voting with election day on May 8th.

Please remember that our Senior citizens over 65 will have no increase in taxes since their rates are frozen and if the District continues to grow, it will be minimal for everyone. The most important thing we as citizens can do is assure that all of the children receive a great education, which will enable our economy to continue to grow.

Unfortunately when the State reduced every ones local taxes four years ago, they did not replace the revenue that we lost locally and we are still funded at 2006 levels. This is hurting all Districts in the State and will continue to do so until they change the way schools are funded. Those of us in fast growing districts have even greater challenges. We must continue to build new schools and maintain our older schools. We have lots of additions and renovations in this Bond Proposal, in order to have good schools for everyone in the district.

Please support Northside and help us pass this Bond Proposal. For more information please visit the Northside web site @ nisd.net and click on Bonds.
