

Did We Get Your Name Wrong?

Our newsletter is mailed to over 3300 addresses. If we got your name(s) wrong, please email officers@vjni.org with the correct information. Please keep your requested name change to a 37 characters maximum, which is a US Post Office limit. Thanks for your understanding. Neither the association nor publisher will give out your information.

The Esplanade

With all the rains in September, things got a little ratty on the Esplanade, which is the strip of land on the west side of Vance Jackson near Colonies Dr.

As of this writing in mid-October, the Esplanade looks better. The association hired a contractor to trim trees and remove brush, and the City cut the grass. But maintenance of the old fence continues to be a challenge. We could continue to repair the fence piecemeal, but this approach may be a losing proposition in the long run.

At our annual meeting in January, we'd like to propose forming a committee to look at our options.

Keep Your Money!

Our association consists of volunteers. We maintain a low overhead.

So why should you pay us association dues? You shouldn't. Keep your money, but come to our annual meeting in January 2011 and get free membership for 2011 AND free pizza.

More details in our next newsletter.

A Digital Oops

We tell you to email address corrections to officers@vjni.org, but last summer our mailbox hit its storage limit and began to reject emails. This was because I didn't find and purge all the mail folders. This should be fixed now, so please try again if you couldn't get thru.

When Did I Pay?

To see when you last paid VJ dues, check your newsletter address. If you've paid recently, you should see something like "(Pd mm/yy)" in the top line. For example, if you see "Pd 03/10", then our records show you paid in March 2010. But of course, we're not perfect. So if you disagree with our notation, please contact us.
