Subject: Re: Re: The Mockingbird Case

Ted - I was either Pres or VP at the time they tried to close off Mockingbird several years back. I went to the zoning commission 'hearing', and it was horrible! They were orchestrated like COPS or Metro! One of their main 'arguments' was that the apartment renters didn't pay taxes. Were they thinking that the owners of the businesses paid no taxes either?

The information about that must be in all those boxes of files I gave to the next Pres (David), so who knows where it might be now.
