Subject: Your Mockingbird 'Open Records' Reply appears incomplete

Anna,

Thank you for your reply to my open records request but it appears to be incomplete.

Mr. Sanchez's response for Development Services specifically cites responses from:

- Fire Department
- Public Work's Transportation Division
- Traffic Study

I believe these should be made available. All other canvassing responses should also be provided, e.g., VIA, CPS, SAWS, Police, etc.

District 8 has scheduled a meeting for Wednesday, Jan 28th, and affected neighbors and the associations should have all materials made available before it.

Thank you,

Ted Trakas, President
