You are correct.

Since I didn't have names of affected neighbors and info on which ones want to be a party, I left signatories blank. This is just a draft to provide opp for comments.

If I get names, I will add.

Happy T-day!

Frank,

Thanx. I'll pass this onto the neighbors who attended the Sep 15th evening meeting, which was prior to Zoning and Council meetings.

One big obvious thing, at the Sep 15 meeting you promised to list the association and neighbors as parties to the restrictions. This is important for standing. Although the Vance Jackson Neighborhood, Inc. (VJNI) has been around over 20 years, who's to say it'll last another 20, 10 or 5 years? (We're a voluntary HOA.)

If you add the residences attending the Sep 15 meeting (to the extent they agree to join the document) in addition to the association, you will meet your promise from a VJNI standpoint.

Ted Trakas

Ted:

Attached is a copy of a letter we recently sent to CM Cibrian in connection with this zoning case. We are waiting for her input on these drafts.

Please call me with any questions.

Frank
