SCENIC SAN ANTONIO

MEETING OF SCENIC SAN ANTONIO

THURSDAY, 11/13/08

4:30 – 6:00 P.M.

RIVER HOUSE

509 KING WILLIAM

(Behind the Steves Homestead, drive into parking area from Johnson St.)

AGENDA

Summary of Activities – Anne Alexander, Secretary

Treasurer's Report – Linda Vickers, Treasurer

Current Actions to be Taken – June Kachtik, Chair

On December 6, 2007, over our objections and those of many other San Antonio citizens, the City Council passed the Pilot Digital Billboard ordinance, which was to allow 15 digital multi-media message boards, with a review of the program during 2008. It is our understanding that during the week of November 17, 2008, actions will be taken by boards and commissions and a city council committee that could greatly weaken any efforts on the part of citizens to preserve our scenic environment. City Council is to act in December, 2008.

I hope you will be able to attend this meeting to:

- Get the details
- Find out what actions you can take
- Rejoin Scenic San Antonio for a new year

Sincerely,

Chairman
