Subject: Census jobs

Hi

I'm Allen Pecotte and I live in Colonies North. I work for US Census Bureau.

We are getting started on the 2010 Census and need to hire hundreds of residents in north San Antonio. I would like to ask you to put a small free job announcement in your newsletter if possible.

I have an attachment for your consideration. These are local jobs that will pay well (\$14hr for most). If you have concerns or questions please email me.

Thanks

Allen Pecotte
