BETWEEN NOON AND 2PM and I'm MAD MAD MAD!**

Some one (or 2) kicked in my front door and took electronics, cameras and jewelry. I wanted you to know so you can protect yourself and not have to go thru with I've just had to.

Missing: Toshiba 40" LCD TV, Bose music system, Nikon D-90 digital SLR, Nikon F-100 film SLR/lens/accessories, lots of jewelry including heirloom 1-carat diamond cocktail ring w/ diamond baguette jacket, yellow gold/white gold bracelet, ruby/diamond tennis bracelet, several gold earring sets (posts), Ann Klein watches, gold channeled dome ring, sterling silver designer alligator hinged choker necklace, bracelet, earrings, and miscellaneous heirloom costume jewelry.

**DO YOU KNOW WHAT YOUR CHILDREN ARE DOING THIS SUMMER?** SAPD indicated that burglaries are 2-3 per day since school is out and teenagers are highly suspected. Re-enforce your exterior doors w/ metal security doors and/or steel door jamb. Always set a centrally monitored security alarm system when you leave—even if just to grocery store.
