David,

I think these should be code complaints but I didn't see the right categories on the code complaints page.

1. There are a number of large signs posted on fences on Wurzbach, across from St Matthew Catholic Church (10703 Wurzbach Road).
2. The electric on-premise sign at the "Southwest Learning Center" (NSA), 10103 Wurzbach, has been open and incomplete for a number of years. I believe this should be finished off or removed.

Thanx,

Ted Trakas, President
Vance Jackson Neighborhood, Inc.

Michael:

I checked these two locations today and they do not fall under the definition of a bandit sign. Can you send an inspector to check for compliance (see attached photos and Mr. Trakas' e-mail below)?

Good Morning,
I went out to both of these locations yesterday. I left a notice where the abandoned sign is to the person in charge of the school, they are going to get with the property owner, as for the signs on the private fence I have talked with the property owners and we are still working with them to get this resolved.
